

Jeblio Corporation

Cloud Computing Internship

Cloud & DevOps Program

Cloud Computing Internship Syllabus

Outcome

Deploy real-world applications using cloud platforms and DevOps practices.

Days 1–5: Basics

Day 1: Cloud Concepts
Day 2: AWS Overview
Day 3: Azure Basics
Day 4: GCP Basics
Day 5: IAM

Days 6–10: Core Services

Day 6: EC2
Day 7: S3
Day 8: Databases
Day 9: Networking
Day 10: Load Balancers

Days 11–15: DevOps

Day 11: Docker
Day 12: Kubernetes
Day 13: CI/CD
Day 14: GitHub Actions
Day 15: Monitoring

Days 16–20: Security

Day 16: Cloud Security

Day 17: Encryption

Day 18: Backup

Day 19: Scaling

Day 20: Cost Optimization

Days 21–25: Project

Day 21–23: Deploy App

Day 24: Monitoring Setup

Day 25: Documentation

Certification

Receive an official certificate after successful completion.
